## **5. About missing documents**

After submitting the application documents, if there are any missing documents, we will request by telephone or e-mail to submit by the deadline specified by the University, so please respond promptly if there is any contact. If no missing documents are submitted by the deadline specified by the University, a reminder document will be sent to the parent or guardian (if it is an independent living individual or an international student, it will be sent to the applicant). Please note that if you do not submit by the deadline described in the dunning document, your application will be invalid.

## **6. Timing of decisions on results for applications and payment of tuition fees**

For the tuition exemption for the first semester, a notification e-mail will be sent to the applicant's official Yamaguchi University e-mail address between August and September 2021. The selection of tuition exemption is made for the first semester and the second semester, so the exemption results may differ between the first semester and the second semester.

Please do not pay the tuition fee because the tuition payment will be deferred until the application result is notified. Once tuition fees are paid, they cannot be refunded, so if you pay them, you will be deemed to have declined the tuition fee exemption application.

After notifications of application results, for students whose result is "Not approved," please deposit the full amount of tuition fees, and for students with half exemption, please deposit the half tuition fee by the day before the designated day because we will withdraw the said amounts respectively on the designated day. Failure to make payment will result in removal of your name from the register.

## **7. Notes**

In cases where the content, etc. described in the application forms is found to be different from the facts, please note carefully that approval of exemption may be canceled even after notification of the application result.
